

# ***Calling All Sailors and Boaters***

## ***Be a part of history!***

**July 11, 2015 (Saturday)**  
**The Ashland Breakwater Lighthouse**  
will be celebrated as it enters the  
**Apostle Islands National Lakeshore**

*North Coast Community Sailing* is calling for a show of boats in the waters around the lighthouse at **2 PM** when there will be an **aerial photo** taken of the event.

We want to see 100 sails for 100 years of service by the lighthouse. We encourage all watercraft to be within a mile of the lighthouse at the time of the flyover.

Come spend an afternoon with your boat and be a part of history. Then stop by the Ashland Oredock for an evening of music, fun, and celebration.

Complete schedule of events at Ashland Harbor Light [coawi.org](http://coawi.org)

**All Boaters welcome! We hope to see you there!**  
Kayaks, motorboats, fishing boats welcome too! (weather permitting)

*We will also have a photographer on the water looking to take pictures of the boating participants. This gives you an opportunity to have your boat photographed in all its glory. Photos will be made available for purchase with profits donated to NCCS.*
