

# Learn the Basics of Hiring Interns

Have you thought about hiring an intern but aren't sure where to start? Ashland Area Development Corp. and Northland College are partnering to present informational sessions for local businesses, government agencies, and nonprofits. These free virtual sessions will cover how to hire an intern or to start an internship program at your workplace.

## Get answers to the following questions and more:

- What exactly is an intern, anyway?
- Are there expenses associated with having an intern?
- How long do internships last?
- Is it legal to offer an unpaid internship at my business?
- How do I find an intern that matches my business needs?
- What are my responsibilities when hiring and supervising an intern?
- How will creating an internship program help my organization?
- Ask additional questions through a Q & A session
